* MURBs do not qualify for this measure.

** Whole home must be serviced with a minimum of 1 head or register per floor, including basements.

For the complete list of eligible products, please visit enbridgegas.com/residential/rebates-energy-conservation/home-efficiency-rebate-plus.

To qualify for the Home Efficiency Rebate +, homeowners must also agree not to participate in any other gas or building envelope rebate(s) offered by parties outside of Enbridge Gas Inc. between the initial and final assessments. To find out if you qualify for incentives, an initial and final home energy assessment is required by an approved Registered Energy Advisor (REA). Additional information can be found at enbridgegas.com/residential/rebates-energy-conservation/home-efficiency-rebate-plus. **Homeowner is responsible for ensuring they meet the eligibility requirements, choosing a qualified REA, and keeping and submitting invoices.** Subject to additional terms and conditions. Subject to change or cancellation without notice at any time.

Visit www.enbridgegas.com/residential/rebates-energy-conservation/home-efficiency-rebate-plus to confirm current incentives and requirements.

[†]For qualifying customers. Homeowner is responsible for the cost of the energy audit, plus HST, at the time of the audits. \$600 will be refunded to the homeowner after they qualify for rebates. Maximum total Enbridge Gas rebate is \$10,000, maximum total Non-Enbridge Gas rebate is \$5,000.
